They are a means of **supporting talent** and giving **equal opportunities**: scholarships financially support students in their artistic as well as personal development.

Not only the **different departments of HMTMH**, but also the **Region**, the **Federal State** and **institutions connected to the University** support the students of the HMTMH with scholarships, which are then awarded according to different criteria such as one's financial necessities or artistic achievements. The awards vary from **full scholarships and one-off payments through to free accommodation**.

The following pages list all current offers for students of the HMTMH for the next awarding session. Therefore, whether students themselves or their teachers would like to inform themselves in their name, **the following three points are important for an efficient and successful consideration of the applications!**

- 1. You can find answers for general questions about scholarships via the internet.**
- 2. Look out for information and deadlines at various boards throughout the building**
- 3. Please hand in applications complete and in time**
